

MADNESS  
COMICS

#1: Dissociation

L.B.  
Lee

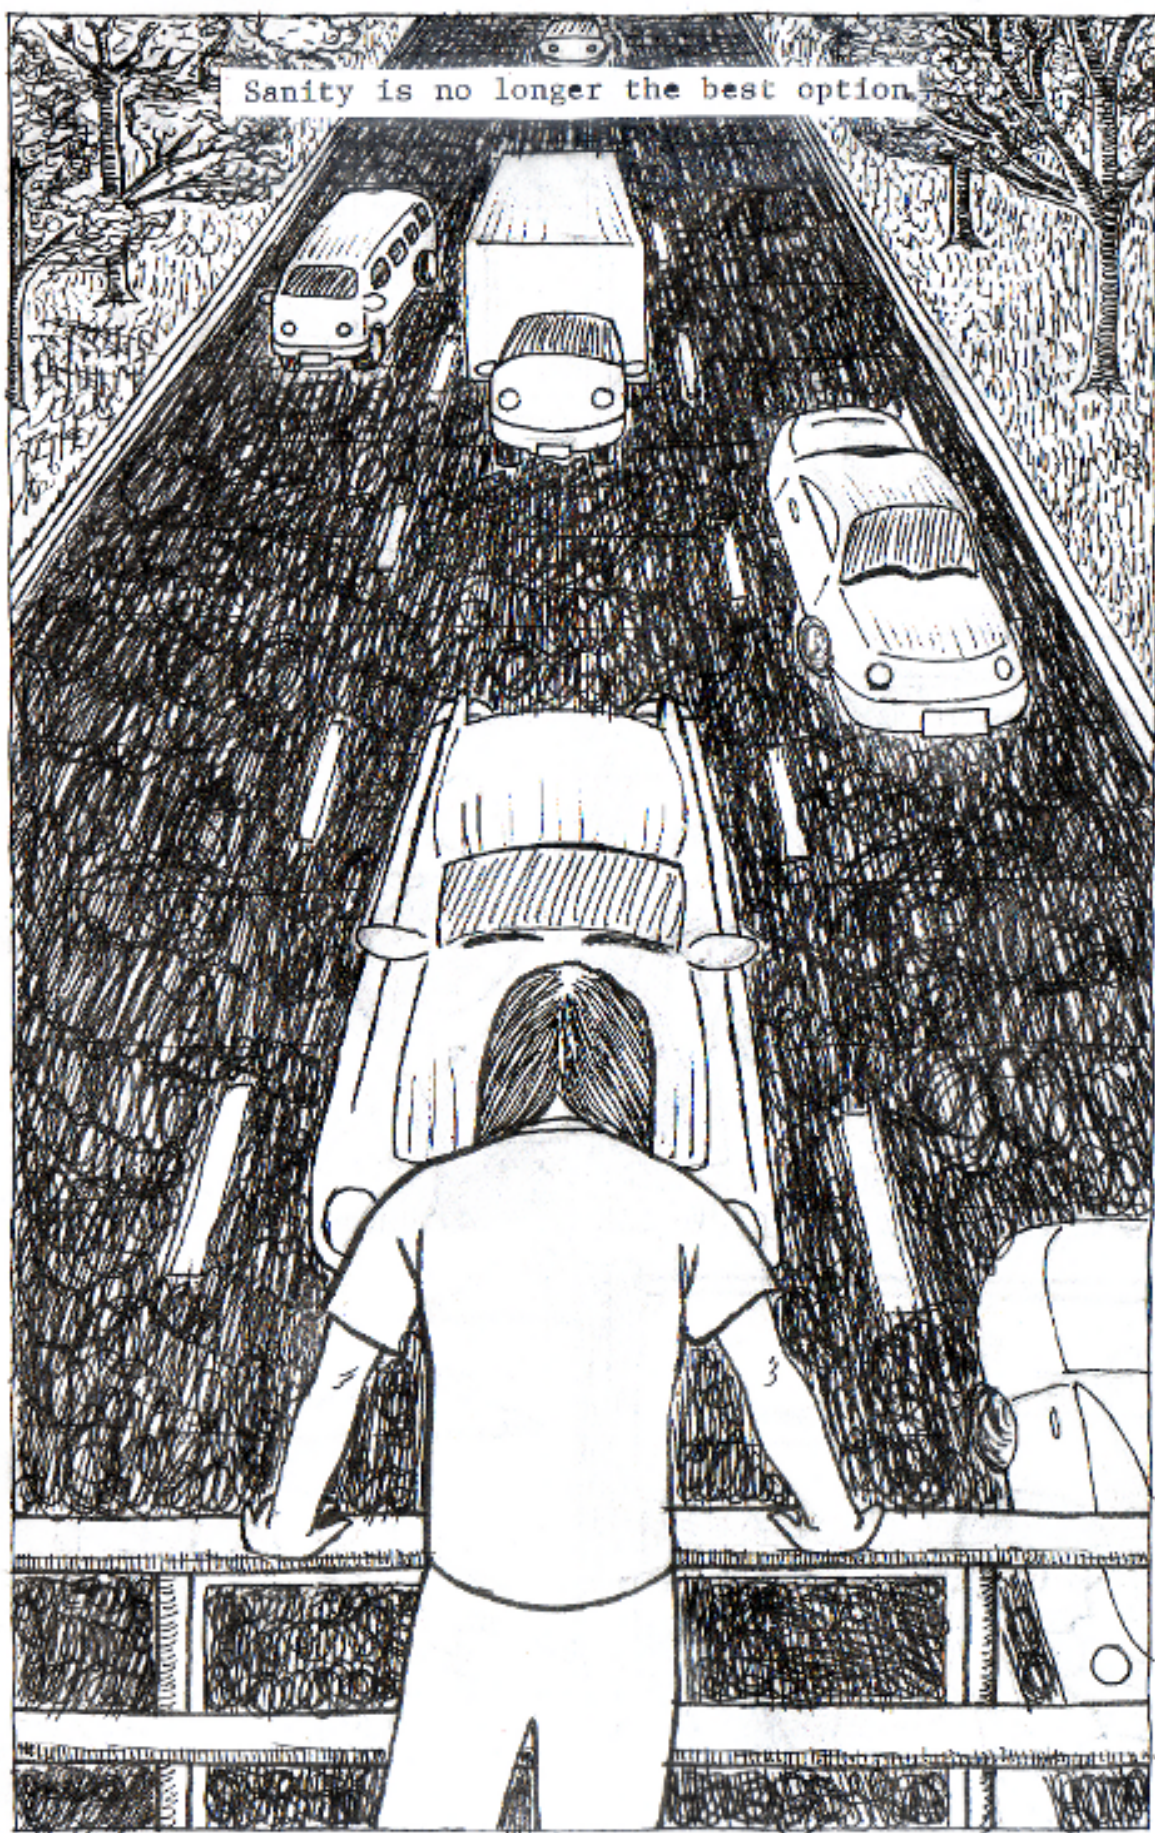

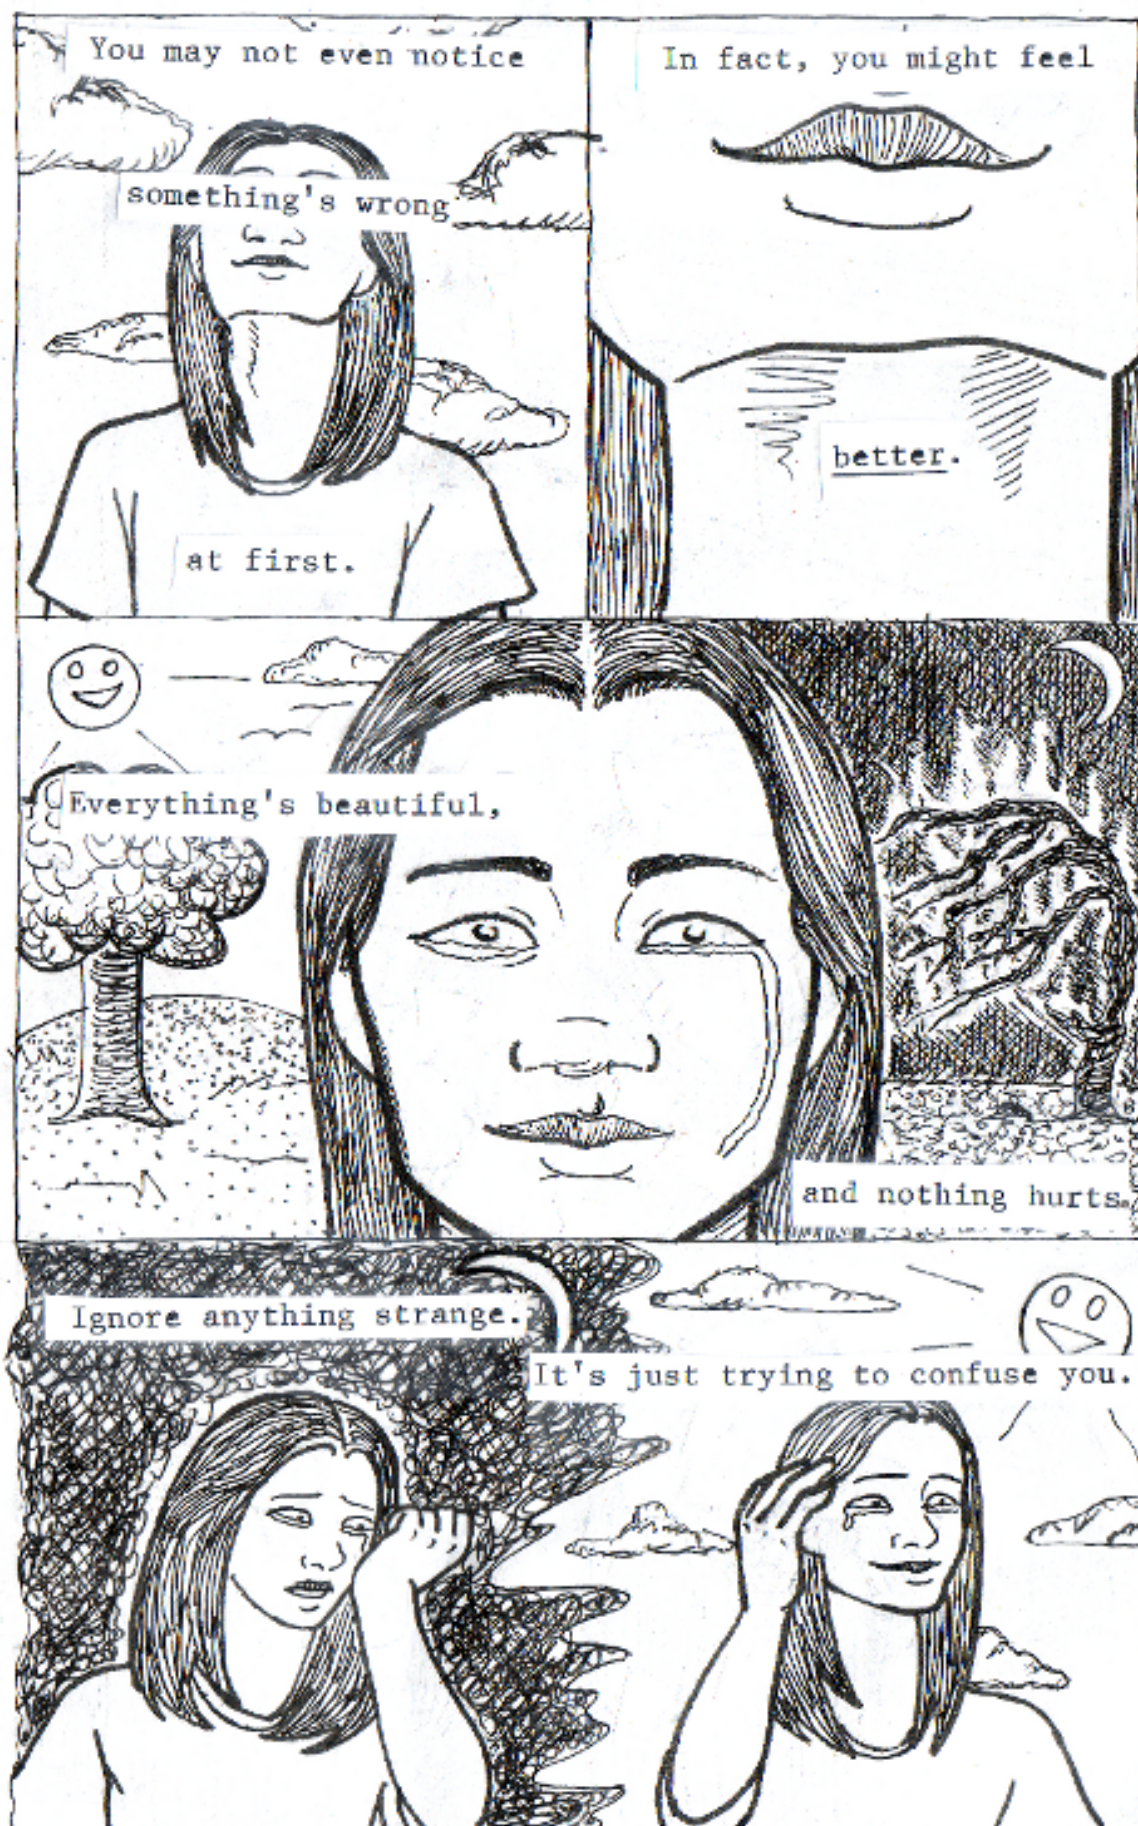

And suddenly...

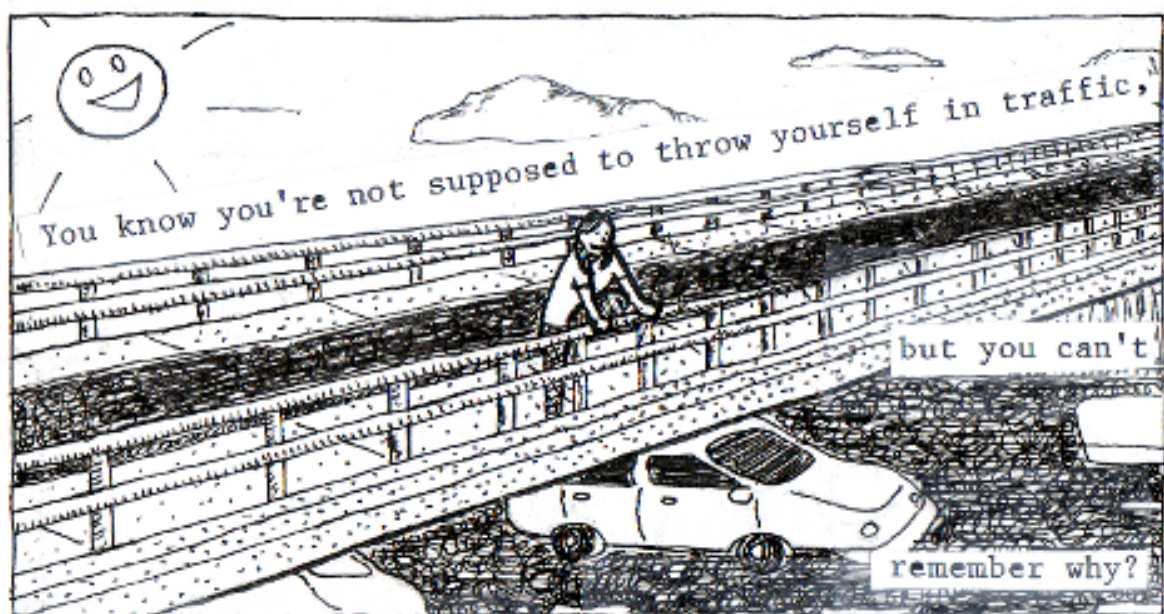

Sanity is no longer the best option.

Then your imaginary friend  
shows up.

You haven't seen him  
since you were 12.

He says you need to call your  
friend.

Right now.

It's very important.

You suspect he's trying to  
trick you,

but he's always been  
trustworthy in the past,  
so okay.
