

THE TRANSPHOBE BLUES

of/by LB Lee

It was 2009. I was newly engaged, newly out as trans, and had just informed my folks of both.

...it didn't go well.

My friends the Zombie fans decided there was only one thing to do...

In case the meteorite has
landed in your backyard
please

ask for a
piece
well-
cover!

Rock and roll is not
over! Rock and roll

NEVER
DIES!

UFOs have been sighted
flying above cities all over
the world!

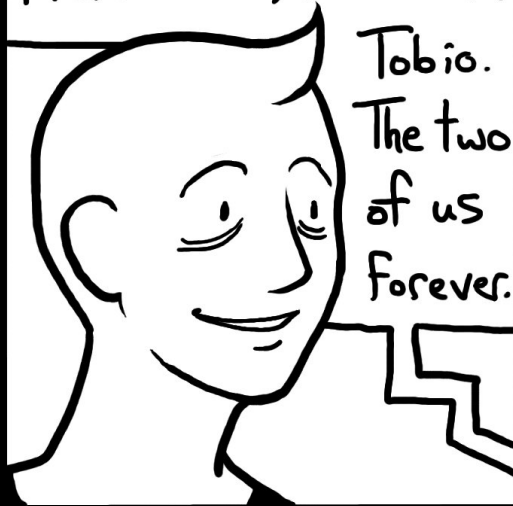

Zombies? Like in Night
of the Living Dead?

Love has no boundaries,
nationalities,
or genders!

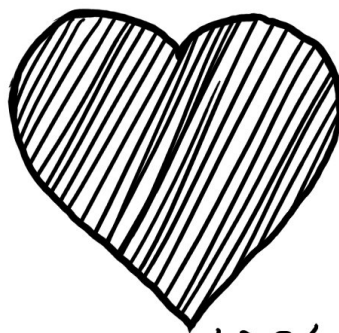

From now on, I'll be with
Tobio.
The two
of us
forever.

My husband and I got married that year.
My parents chose not to come.
But I remembered Wild Zero:

"Love has no boundaries,
nationalities, or genders.
DO IT!"

And I was happy.
